Project Scope/ Terms of Reference

Gujranwala Waste Management Company (GWMC) was established in 2014 under section 42 of the company ordinance with the aim of improving the system of Solid Waste Management in the city of Gujranwala. The company operates as an essential entity, mandated to provide sustainable and effective cleanliness services to the citizens. With its primary focus on Solid Waste Management, GWMC relies on financial resources from the government. However, a recent budget shortfall has prompted the company to seek alternative revenue streams.

In response to the financial challenge, the Board of Directors decided that GWMC must generate its own revenue to cover all operational expenses. The board has instructed GWMC to outsource the collection fee system through a tendering process. This involves hiring a third-party contractor responsible for implementing a door-to-door collection system. The selected contractor will be tasked with collecting solid waste tipping fees from each household, commercial, and industrial establishment.

The estimated number of units of different categories along with monthly rates of user fee to be charged for revenue collection are listed below: -

Category 1: Domestic Units

Sr. No.	House Size	Estimated Number of Units	Rate (Rs. /Month)
01	1-5 Marla	225,939	200
02	6-10 Marla	46,190	300
03	11-20 Marla	4,702	500
04	Above 20 Marla	10,320	1,000
	Total	287,151	

Category 2: Industrial & Large Size Commercial Units

Sr. No.	Item	Estimated Number of Units	Rate (Rs. /Month)
01	Industrial Unit/ Factories	13,987	4,500
02	Business Plaza/ Shopping Mall/ Offices	1,555	4,500
03	Marriage Halls/ Marques	173	4,500
	Total	15,715	

Category 3: Medium size Commercial Units

Sr. No.	Item	Estimated Number of Units	Rate (Rs. /Month)
01	Private School/ Colleges/ Universities	1,963	3,000
02	Private Hospitals	471	3,000
	Total	2,434	

Category 4: Small Size Commercial Units

Sr. No.	Item	Estimated Number of Units	Rate (Rs. /Month)
01	Shop	58,675	500
	Total	58,675	

By introducing a waste collection fee from households, commercial establishments, and industries, GWMC aims to create a sustainable source of revenue. The estimated annual revenue target of given below categories underscores the significance of this initiative.

Sr. No.	Category	Amount Exclusive of taxes (Rs) in Millions
01	Domestic Units	860.59
02	Industrial & Large Size Commercial Units	848.61
03	Medium Size Commercial Units	87.62
04	Small Size Commercial Units	352.05
	Total	2,148.87

This diversification of income streams is crucial for GWMC's financial stability, especially considering the company's reliance on government funding. Outsourcing the collection fee system to a third party through a competitive tendering process serves as a strategic approach to maximize revenue generation. This strategic move aims to address the current budget constraints and ensure the continued provision of Solid Waste Management services to the citizens of Gujranwala. By leveraging the expertise of a third-party contractor, GWMC seeks to streamline the collection process, making it more efficient and financially sustainable in the face of budgetary limitations. The third-party contractor, being a specialized entity in waste management services, can implement sophisticated technologies and strategies for effective billing and collection. This can lead to a more accurate and timely collection of fees from households and commercial establishments, contributing to a boost in overall revenue.

As GWMC embarks on this new venture, the success of the outsourced collection system will play a crucial role in shaping the future of solid waste management in Gujranwala. The anticipated benefits include improved fee collection practices, operational efficiencies, and a more focused approach to core waste management functions. This strategic move positions GWMC for financial resilience and sustainability in the dynamic landscape of solid waste management in Gujranwala.
